Citizens Redistricting Commission  
1130 K Street, Suite 101  
Sacramento, CA 95814

Dear Commissioners:

I have been a resident of the northwest San Fernando Valley for many years. I want to thank you for the important job you are undertaking. Our representatives must reflect the values of their constituents. Unfortunately, for many years, this has not been the case.

I would like to express my support for keeping our communities (Porter Ranch, Granada Hills, Northridge & Chatsworth, Woodland Hills) in the same district as the eastern Ventura County and the Santa Clarita Valley. We share common interests and suburban makeup, we should share the same representation.
