Hi, as a voter register and as a Realtor I believe The High Desert Community is a very unique area, our interests are very different than the other Los Angeles communities. I would like to ask you the following:

1- There should be one Assembly District covering the Antelope Valley,/East Kern area of the High Desert bounded by the Tehachapi Mountains, the San Gabriel Mountains are included: all the cities that follow the 14 Freeway ending on Palmdale, Lancaster, Rosamond, Mojave, Boron, and California City. All these cities share the same region and have the same challenges.

2- There should be one District covering the Victor Valley portion of the High Desert that includes all the northern San Bernardino County included Victorville, Hesperia, Apple Valley and Bastow.

3-Those two High Desert Assembly districts should be in one High Desert Senate seat.

4-The High Desert areas are a very unique and very different than the Los Angeles area. The High Desert due to its agriculture, viticulture, water and Air need a different policy than the rest of Los Angeles.

Sincerely,

Aida Walls
