To: votersfirstact@crc.ca.gov

For your consideration regarding the Antelope Valley:

1. The High Desert is its own community of interest that crosses county lines (Kern, Los Angeles, and San Bernardino).
2. There should be one Assembly District covering the Antelope Valley/East Kern area of the High Desert, bounded by the Tehachapi Mountains and the San Gabriel Mountains that includes Palmdale, Lancaster, Rosamond, Mojave, Boron and California City.
3. There should be one Assembly District covering the Victor Valley portion of the High Desert that includes all of northern San Bernardino County including Victorville, Hesperia, Adelanto, Apple Valley and Barstow.
4. These two High Desert Assembly districts should be nested for one High Desert Senate seat.
5. The High Desert is our own unique area. For a huge district like the Board of Equalization, we are much more like the Central Valley than we are like the rest of

Los Angeles due to our agriculture, viticulture, water and air policy needs.

Your consideration would be greatly appreciated.

Thank you,

[Rosalin P. Villarreal \(Patty\)](#)
