Subject: San Fernando Valley

Message Body:

I would like to voice my opinion and state that the redistricting that goes on in the San Fernando Valley should be just that, the Valley. So what exactly do I mean? The redistricting lines in the Valley should only include the Valley; the lines should NOT extend beyond Mulholland. It is very important that the only the Valley represent the Valley because it is the Valley that knows the Valley's needs, not some people living in West LA. West LA, anything beyond Mulholland, is NOT the Valley so it shouldn't be included in the districts of the Valley. Basically, the Valley lines should stay in the Valley; they should not extend beyond Mulholland Blvd. Representation OF the Valley, BY the Valley, FOR the Valley.
Thank you & God bless.
