Subject: redistricting

To: votersfirstact@crc.ca.gov

my name is gerald j marcil. i live in the 46th congressional district. about 10 years ago, jane harman and dana rohrbacher gerrymandered their districts to make both districts less competitive (politically). i would like to go back to my original district (the 36th) because i have lived in this district all 58 years of my life. geographically, economically, and socially we who live in palos verdes are more connected to the southbay and beach cities than to long beach and orange county. if you look at a map of our district, it is insanity the way it got gerrymandered. thanks for your help. gerald, palos verdes estates
