To Whom It May Concern,

Your committee was selected in order to correct an unconstitutional problem that exists in California. One person, one vote was decided by the Supreme Court of the United States and this committee is ignoring that ruling. The people of California are sick and tired of this political game and the people who play it. REDISTRIBUTE BY POPULATION, not acreage. Stop isolating conservative populations in favor of more liberal ones. Do your job fairly or you will forever ruin this great state of California.

A third generation Californian,

Kendall Hudson
