Dear Members of the Redistricting Commission:

I hope that you are trying to draw lines as simple and fair as possible, i.e. keeping cities together. I have lived in Fullerton for 39 years and I ask that you not split the city into different assembly districts. I also encourage you to combine two assembly districts to make one senate district. It is time that the gerrymandering stop and the lines be drawn fairly, without looking at keeping the districts safe for any particular political party and without using any kind of quota system. Fullerton is fairly balanced ethnically, and even if it weren't, I don't believe a neighborhood's ethnic makeup should be a consideration in drawing assembly or senate district boundaries.

Respectfully,

Pat Shuff

Assistant Treasurer and
72nd Assembly District Representative
Republican Central Committee of Orange County
