Conversation: Redistricting Comments

Dear Committee Members,

As a resident of Placentia and a City Councilman, I respectfully ask that as you consider redistricting for north Orange County, that if at all possible Placentia, Fullerton and Brea be left whole in whichever way the revised legislative districts are aligned.

There is a benefit to our cities of having one legislative representative at each level, as we often work together on issues, and our perspectives are often very similar and tied to each other. With as many common concerns as our cities have, it would be of great benefit to all three if they could be kept grouped together whole in any revised district.

Thank you very much for your attention and consideration.

Sincerely,

Joe Aguirre
Placentia City Councilman

Residence: [REDACTED] Placentia, CA 92870
