Dear Members of the California Redistricting Commission,

As a concerned resident of Brea and as a pastor of a Methodist Church in Placentia, I am writing to request **that Placentia, Fullerton and Brea be left whole** in whichever way legislative districts are fashioned, The benefit of having just one legislative representative at each level is that Fullerton, Brea and Placentia's stance and representation are simplified, consistent and clear. With as many "ties" as these cities have, it would be of great benefit to all.

Thank you for your consideration.

Grace and peace,
Rev. Judy Chung
Senior Pastor
