Subject: Attention Public Information Officer / Chairman./San Bernardino Sun.....Future community meetings....

To: votersfirstact@crc.ca.gov

I am concerned about today's article in the S B Sun indicating a possible meeting on a Sunday In June...

A weekday meeting in the latter afternoon (4 to 8) at the downtown Feldheim Public Library would be more inclusive of nearby government employees and surrounding constituents .

The previous meeting of the Commission in Claremont....although not the same current public forum... could also be repeated to allow constituents in that Pomona/San Gabriel Valley area a true opportunity for providing information to the Commission

Please advise

thank you

Bernard

After the commission draws preliminary maps in June, the commission will hold another set of meetings.
One is tentatively scheduled for June 19 in San Bernardino.
