Message Body:

I have lived in Marin County since 1961 and have been both an elected official and an active citizen. I have seen an enormous improvement in the way Sonoma County and Marin County have dealt with regional issues especially transportation and housing. It is more important than ever before that the two counties be considered together in the redistricting process. Both counties are working together in a very constructive way in dealing with the issues of the SMART train along with Highway 101 issues.
