Subject: San Jose; 100% of Evergreen s/b in AD23

Message Body:

10 years ago the redistricting process left a portion of Evergreen area of San Jose in the 28th Assembly District which is largely a Salinas, San Benito County centered district. We have absolutely nothing in common with that area, no community of interest and we have not been represented for more than two decades as a result. Please fix this injustice by placing the entirety of the Evergreen area of San Jose inside the 23rd Assembly District. All of San Jose and Santa Clara County should be in assembly and state senate districts that make sense both from a geographic and community of interest perspective.

Thanks in advance.

Best regards,

Craig Mann
