Commissioners:

I am a registered voter in Siskiyou County, resident of Yreka and member of the Yreka Chamber of Commerce.

I voted in favor of Proposition 20 because I trust "the people" to do fair and impartial redistricting rather than judges and politicians. Please, do not betray this trust and keep Siskiyou County connected with Shasta and Tehama not Coastal or Eastern California.

Siskiyou County's history, culture and industry have been Mining, Timber, Agriculture and Ranching. We have absolutely nothing in common with Coastal or Eastern California. Our Timber industry has been destroyed, Mining has not been allowed for two years and our Agriculture and Ranching industry is all that we have left and it is being threaten. So you see we do not have the same concerns as those on the Coast, the East or the Delta. We are linked together by I-5 and Hwy. 99 by our mutual concerns and culture.

I have reviewed the lines drawn in 1990 by independent judges which in my opinion would best represent our concerns, needs and afford us the best Congressional and State representation.

Your decision on where to "draw the lines" will have a great impact for years on our representation and possibly our very survival.

Sincerely,
Louise Gliatto
