Dear Commissioners,

I am a long time resident of Placentia with a contracting business, located in Brea, which services north Orange County. Our three cities have for many years had close ties through their respective city halls, community organizations, residents and families. One key, unifying element for this has been having one state legislature representative who works with the three cities as one distinct district and who can focus on our common concerns. This has been very effective for many years. I feel that the welfare and community cohesiveness of our cities and residents could be jeopardized should redistricting break them part.

As a concerned Placentia resident, I cannot agree with any proposals which would place a dividing line between my city and our two long time neighbors and friends. I respectfully request that you reject any proposed actions to alter District 72 which would result in the break up our three cities. Thank you for considering my side of the redistricting question.

Sincerely,

Nelson Arroyo
President
ACHP Services
