Subject: Northeast Ventura County, Simi Valley Resident

Message Body:

I am Elaine Lin, a long-time resident of Simi Valley, and would prefer to live in no other place. I raised my family of four out here and have already sent a son off to college and am preparing to do the same with my daughter. Having raised them in Simi Valley, it was a perfect choice. There is no greater feeling than living in one of the safest cities in America. And being right next-door to an equally safe city is just as delightful.

This part of the Ventura County, Thousand Oaks, Westlake Village, Oak Park, Agoura Hills and down into Camarillo would make for a great district. They are connected by the 118, 23 and 101 freeways, which often make a swift route connecting each city. I would greatly appreciate a district in which every resident is close and connected. And with every resident sharing the commonalities and desires that I do, I know this district would be an equal mix of communities. Thank you so very much for all you have been doing for this state.
