**Conversation:** redistricting

Dear Commissioners,

I am a resident and registered voter in Siskiyou County and I am writing to request you leave

Siskiyou **County in its current Legislative District.**

I voted for taking redistricting out of the hands of legislators in order to ensure that our State's diverse interests are properly represented. I ask you to make our district lines similar to those drawn by judges in 1990 rather than the lines drawn in 2000 by the politicians.

Siskiyou County is well served by being in a Legislative District that shares its political, social, and economic features. Siskiyou County is a rural, primarily agriculturally based county like the central valley area. We have very little in common with the Coastal Counties in the proposed new district. We are also geographically removed and distant from these areas without easy access to them. Siskiyou County would be excluded from any effective representation of our interests if we are combined with the Coastal Counties.

Sincerely

Sharon Ollmann
