Conversation: Re-districting- Tri-Valley Community

I am a member of the Tri-Valley Coalition, and I am a resident of Danville, here in the Tri-Valley. The Tri-Valley Coalition is a group that is advocating for our community of interest to stay together in the new redistricting lines. I believe this is important because of the many links between the Tri-Valley cities including our shared regional priorities, transportation interests, civic and business groups and (feel free to insert your example of why the Tri-Valley should be kept together).

I recommend the Tri-Valley cities of Danville, Livermore, Dublin, San Ramon and Pleasanton be kept together in redistricting. To have enough population to make new districts, our community should be joined with similar towns, such as Walnut Creek and Lamorinda, by going further north into the valley along the main transportation route of Highway 680.

Please see the attached map for the boundaries of the Tri-Valley and thank you for your time and dedication in listening to our voice as a community

Regards,

Jim Donnelly
