Conversation: Las Virgenes Region Redistricting

Dear Commissioners,

I live in Topanga, CA, the largest unincorporated area of LA County's Third District. I am in favor of returning the voting districts of the Senate and Assembly to the lines that were drawn in 1991. There are three communities of interest bound by the Santa Monica Mountains where I live. They are the Las Virgenes area where I work, the San Fernando Valley where I shop, and the Greater Westside where I play. Whether it be their shared geographic adjacency, interest in the environment, mutual planning for emergencies or shared transportation corridors and utilities, they all form a cohesive and coherent unit which should be preserved.

Thank you for your time and consideration.

Sincerely,

C. Scott
