Dear Commission members,

First of all we are residents and registered voters of Siskiyou County.

We believe that the goal of props 11 and 20 communities of common interest were to be grouped together to achieve fair representation. Therefore the counties of Shasta, Siskiyou, Tehama, Glenn, Butte, Colusa, Yuba and Sutter which share the common economic interests of farming, ranching and forestry should continue to be grouped together and not connected to the costal counties or the high desert counties in the east.

The people of these communities in these counties also share a common culture. They are also having a social connection along the I-5 and Highway 99 corridors. Issues related to water resources are critical to citizens in this area.

Please refer to the district plan drawn by judges in 1990. That was a fair and equitable plan and deserves your close attention.

Thank you for considering our suggestions.

Sincerely, Edward and Jeannette Welin
