Subject: Redistricting

Message Body:

Please use city and county boundaries as a guide to fair redistricting to best represent constituents who live in those areas. For example District 44 includes Riverside County and a stretch of San Diego County. Highland and San Bernardino City are shared by district 43&41. The current system is broken. To best represent constituents, it's necessary that city and county boundaries are used. It also ensure that politicians be more responsible.
