Subject: redistricting

Message Body:

My knowledge is limited, but I do know this:

I want the districts to be drawn in a rational, reasonable, and logical manner based on the common and needs of a given area and NOT gerrymandered for the political convenience and profit of the political parties and incumbent politicians. Doing it that way has always been a slap in the face of the voters and citizens of this state. Let's have a little respect for the voters, please!
