For all the testimony you have heard and are hearing about HOW you should or should not draw the legislative, and Congressional (and BOE!) district boundaries, I would like to know if anyone has advocated discriminating in FAVOR OF THE ACTUAL VOTERS! You have heard, and are hearing testimony, from concerned local residents (many of whom I am sure are NOT EVEN U.S. Citizens, and can't speak English, and thus, CANNOT VOTE!) about "not splitting communities", and "keeping certain ethnic communities together". Well, what about the ACTUAL VOTERS? Those of us, who ACTUALLY DO SHOW UP AT POLLS ON ELECTION DAY, or vote by mail?

Why not discriminate in FAVOR OF US for once? Forget the community boundaries, and the ethnic interests! What about those of us who VOTE? Without us, THERE ARE NO ELECTIONS! So let's see some favoritism for once IN FAVOR OF THE VOTERS that will actually SHOW UP TO POLLS, or mail in a ballot, on future Election Days! No racial discrimination is done, no community division is done, just VOTERS being brought together who do their job in ALL elections!

Let's see those advocating for legislative district boundaries top THAT!
