Message Body:

We are very pleased that you are meeting with us. Your job is the most important in years for the State. Stay true to the intentions of us voters in passing the measures forming the commission. Avoid influences from politicians and those we want to gain financially. We are very much relying on you to improve representation and the nature of politics in this formerly great State of Calif. Hold to our standards.

Message Body:

Your job is the most important in years for Calif. Stay true to the voters' intentions in forming your commission. Avoid influences from politicians and others who want to gain financially. Stay true to the standards of map drawing and the conduct of the commission. It would be best if you were independent and not attached to the major parties. We are relying on you to improve Calif. and its citizenship. Thank you.
