As soon as possible, can you provide the equivalency file, shapefile, and/or geographic file for the district "visualizations" presented to the Commission by Q2? And not just PowerPoints -- we need GIS files.

At the Rose Institute, we have posted the Asian Pacific Collaborative, MALDEF, and California Institute for Jobs, Economy, and Education plans on <http://www.rosereport.org/DraftPlans>. We'd like to include the Commission staff "visualizations" too, but we need the files please.
