Conversation: And Never the Twain Shall Meet...PLEASE!

Perhaps we are geographically illiterate, but we fail to see any reason why CD45 Riverside County should be coupled with a completely different type of county community, specifically Imperial County. The reasons are too many to enumerate, but as semi-retirees, we cannot think of a better place to live than in the Coachella Valley. We do not wish to go from a resort-atmosphere, suburban type living style to a rural community; we are past that, and our growth and development has its own plusses and issues. As the fastest growing retirement area in the State, we are looking forward, not backward. We ARE what we are and WHERE we belong!

Please be aware of the disservice you would do to BOTH "community of interest" areas were they to lose their identities by being combined.
