Coachella Valley is separate and distinct from Imperial Valley. We must have representative congressional - districts. Who is pushing this? Why?

I've become very disgusted with those individuals that continue to try to "change" our government representative - boundaries. Why do we have to watch every detail; every day? -

What organization is pushing this? -

Leave us alone. -

We want our Coachella Valley left intact. Keep our Congressional district in Riverside County ONLY and do NOT combine it with Imperial Valley/County. -

There are countless ways to demonstrate that the Coachella Valley and Imperial Valley are totally different. -

Stop the Madness. -
