**Conversation:** Please keep CD 45 intact and in Riverside Country only!

## California Citizens Redistricting Commission

Dear Commissioners;

The Coachella Valley has over 125 golf courses and Country clubs, world class tennis facilities, legendary multi-terrain hiking trails & the additional attraction of six star-studded casino nightclubs, the famous McCallum Theatre, high end designer shopping & many exceptional art galleries, annual festivals & concerts, such as the Palm Springs Film Festival, the Date Festival, the Coachella Art & Music Concert, Stagecoach Country Music Festival, etc. It is mostly a tourism and recreational area that is unlike any other area in California! Imperial County is not a comparable area and has no relationship with our Coachella Desert Cities as it is predominately rural & agricultural.

Please do not combine these two areas into the same voting district as neither would have their distinctive & proper representation.

Thank you,

Jeff & Linda Davis
