

Honorable Commissioners,

At an Indio Community Meeting last night, **29 people signed that they do NOT want our Coachella Valley congressional districted with Imperial Valley (attached)**. They are completely unrelated in economy, living standard, transportation, cohesiveness and are in two different counties! We want a representative that works on our specific issues and is not diluted by Imperial Co's. **Please also fix AD80 and SD40 so they don't split our Coachella Valley desert cities and so we are not combined with Imperial!**

Imperial belongs with San Diego! They share the same border culture, highway I-8 corridor, university resources, health care. They have years and years of relationships and it will be **DISRUPTIVE** to all 3 counties to combine Imperial with Coachella.

Thank you for your hard work on this!  
29 Indio Voters (signatures attached)
