Citizens Redistricting Commission:

We live in the unincorporated area of La Mirada located in Orange County. Our area includes approximately 100 homes whose children attend the Buena Park School District and Fullerton High School District located in Orange County. We share many community activities with Buena Park including library, shopping and sports. We also share the new influx of Koreans

Our community is located just north of Buena Park with the borders of the Coyote Creek Channel on the east; Stanton Ave on the west; Ashgrove on the north; and La Mirada Blvd on the south. (Map included). We choose to stay unincorporated, until forced to move to Buena Park, because our taxes are much less.

Our area needs to continue to be included with Buena Park as we have the same political issues and need to have one voice, as we do now. Both Buena Park and our area were moved to Los Angeles County Assembly District. We get no representation what so ever. We would like to be moved back into an Orange County Assembly District.

Thank you for your consideration. You have a huge job ahead of you.
