Dear Sirs:

It's obvious that a district connecting Brea and Mission Viejo has been gerrymandered. The thin line connecting the two areas is a giveaway. I, as a California resident, would like to see something more equitable so that we in Mission Viejo get honest representation in Congress. I'd appreciate your paying attention to this matter and redrawing the district so it makes sense. A look at the map will make what I've said clear.

Thank you, Sincerely,

LAWRENCE LIGHT
