Re: Redistricting OC "Community of Interest" cities

Dear Commissioners,

Considering the ever growing population within the "Community of Interest" cities in the 48th Congressional District, I request that the two entire neighboring cities of San Juan Capistrano and San Clemente (who share multiple interests, utilities, local media, school districts, transportation roadways, commerce and tourism) be added to the existing "Community of Interest" cities in the interest of fair representation in the Redistricting process.

In addition, based on the 2010 US Census, Orange County should be represented by 4.3 dedicated Congressional Delegates (not the currently existing 3) as well as 6.5 California Assembly Seats (not the current existing 5).

Respectfully,
Lisa Manning
Dana Point
