Subject: REDISTRICTING PALOS VERDES

Message Body:

The Peninsula should be aligned with their common interest areas relating to the shoreline residential community interests from the South to the North including the Beach Cities and not cut off from them. When we leave the Peninsula, it is to travel North much more than East and that is where we do our business and spend our time if we leave the Peninsula and should be aligned with our communal partners not cut off. Thank you, A Realtor and resident clients.
