From: Lee & Bonnie Mellinger <[REDACTED]>

Subject: San Fernando Valley

Message Body:

You probably know that currently the San Fernando Valley with 1.8 million residents and big enough to be in the top ten cities in the US has just three, count'em three state representatives to the legislature. The geographic ares includes the incorporated cities of Los Angeles, Burbank, and San Fernando. When the new districts are drawn, the Valley must have proportionate representation to represent the interests of this GEOGRAPHIC ares.
