Conversation: Answer to Commissioner's Question During San Gabriel's Presentation This AM

California Citizens Redistricting Commission:

In response to a Commissioner's question this morning I offered to provide the Commission with the link to the National Forest Visitor Monitoring results for the Angeles National Forest. The link is: <http://apps.fs.usda.gov/nrm/nvum/results/Forest.aspx> <<http://apps.fs.usda.gov/nrm/nvum/results/Forest.aspx>> . The unit is the Angeles National Forest. For a useful graphic representation of visitorship by zip code, click on "Maps" then "Survey Results By Zip," then zoom in on southern California.

Cheers,
John Monsen
