Message Body:

Dear Commissioners,

My name is Kyle Draper and my family and I are from the incorporated city of Calabasas. Calabasas is a member of the 101 corridor cities which include Hidden Hills, Agoura Hills and Westlake Village as well. When the districts were drawn ten years ago, the folks who drew them for some reason linked together these cities with areas on the other side of the Santa Monica Mountain Range. Folks from Calabasas do not consider the areas on the other side of the mountains a part of our community. If the 101 corridor cities are to be linked up with more folks in order to create a district with numbers greater than those that exist within the corridor cities themselves, then it would make sense to connect us up with other neighborhoods of the West San Fernando Valley like Woodland Hills and Tarzana. Not only do we share a common transportation facility (ie the 101 freeway) but the people of Calabasas regularly live and eat and shop and work in these areas.

Thank you.
