I was taught as a Youngster, "IF IT AIN'T BROKE DON'T FIX IT".....I share that same idea to day.....Redistricting RIDGECREST, CA, is a waste of tax payers money and time.....

Don't You folks have anything else to do that could be a little more constructive, and something that might help our state financial woe's? Get YOUR PRIORITIES IN ORDER.

I myself, do not want to have anything to do with LA or SB Counties.....As of today, Everything is Great up here in RIDGECREST, don't go screwing it up for political gain or greater tax situations for the folks that live here.
