To Members of the Redistricting Commission:

I wish to make my opinion known concerning redistricting the particular area in which I and my family live. We live in Ridgecrest, CA which is in eastern Kern County. We have been in the 22nd Congressional District (Federal), the 32nd Assembly District (State) and the 18th Senate District (State) and I feel that we have been very adequately represented by being in these districts. I feel that if the commission melds this part of the State in with portions of Los Angeles or San Bernadino Counties our voice will be lost in the wilderness. The citizens of the Indian Wells Valley and surrounding areas are best served by remaining in their present districts and associated with Kern County.

Please take this request into consideration when you make up any new districts.

Thank you for your consideration into this topic.
