Conversation: Redistricting East Kern County

To whom it may concern

I do not want to a part of LA county....this is a devious move on the part of the Liberals

To insure Kern County and District 22 goes Democrat....presently the eastern part of Kern County is primarily Conservative and votes that way most of the time which ensures a balance

Leaning toward the conservative side....moving this part of the county to LA county would make

It much easier for the socialist Democrats of Bakersfield to get their agenda through. I would prefer

To stay in Kern County
