Conversation: Redistricting Issue

Hi, I am absolutely against any redistricting of moving Ridgecrest and the Indian Wells Valley out of our current Congressional District shared with Kern County into one shared with Los Angeles County. As a retired military member currently working on board China Lake, I have strong feelings about this move. Please count my vote to NOT REDISTRIBUTE US. We have strong local Senators and Congress men and women that have served us well, and are intimately familiar with Ridgecrest, the Indian Wells Valley and China Lake. Don't let us lose these important individuals who supported us during the BRAC. Sending us to another district should not be considered.

Regards,

Jeff Hargrove
