Dear Commissioners:

I was in attendance for the May 22, 2011 Redistricting Meeting in Salinas, California. This email is in response to some of the testimony offered that day. Many times people speaking for Senate District 15 brought up the Vandenberg Air Force Base as a common interest. However, if you check at <http://senate.ca.gov> and you look up the demographic data for Senate District 15-Vandenberg Air Force Base is not listed as part of it. Vandenberg is listed on the demographic data for Senate District 19. Please do not ignore that factual gerrymandering happened right in front of you.

Thank you for your attention to this matter,

Michael Romero
