It is imperative that the communities of Danville, San Ramon, Dublin, Pleasanton & Livermore be kept together in one district. We have so much in common and frequently lobby for funding for our shared goals and objectives.

As a 40 resident of Dublin, I have seen the region grow and become interdependent on one another.

Please look at it from our perspective. Over the years we have struggled to be heard with one voice and putting us all in the same district would solve a lot of problems.

Thank you for your consideration.

Georgean
