Please keep Marin and Sonoma interlinked. Marin has very little in common with San Francisco from any geopolitical standpoint, and with Sonoma we share our water, transportation, agriculture AND our rural/parkland characteristics. It seems so unlikely that anyone with common sense would vote otherwise, but having watched government recently, I decided to take time to write just in case the right mental ions aren't firing

on all cylanders there in Sacto these Days. Regards to Jerry. Great work on San Quentin. Now let's turn it into public space! Thank you for your consideration of Marin's real sustainability needs. Pat Field Ravasio
