Message Body:

Marin and Sonoma Counties need to be kept together because they have much more in common with each other than they do with SF, the East Bay or more northern counties. The level of development, kinds of transportation issues, open space, agricultural lands, etc. are more similar to each other than other nearby counties. Plus, if nothing else, having our representatives having to cross bridges and drive many more miles to meet with constituents would greatly increase the transportation costs for the representative, and increase carbon emissions and thus global warming.

PLEASE KEEP MARIN AND SONOMA COUNTIES IN DISTRICT 6.
