Conversation: Marin County

Dear Commissioners:

During the redistricting process, I strongly urge you to respect Marin County's inherent bond with Sonoma County and keep this community of interest joined together. In the case of our Congressional District, I believe linking Marin to the unrelated regions of Contra Costa or San Francisco would be entirely illogical. Therefore, I ask that you listen to the overwhelming majority of Marin residents and maintain our affiliation with our geographical neighbor to the north - Sonoma County. Thank you and good luck.

Sincerely,

Ross Guehring

Larkspur, CA
