Subject: Marin belongs with Sonoma,,one voice, linked interests, common votes!

Message Body:

For every imaginable reason, these two counties exist and function as a working unit. We share interests as citizens and as an interdependent economic unit in every sphere-- health care, common watershed, transportation, jobs and commutes, taxation, and land history, just for starters, and this has been reflected in the close and beneficial joint planning to date.

Please do not even consider splitting up the voting voice of this mutually beneficial working unit.

Thank you.
