Message Body:

Please keep the north coast of California in a separate district from other parts. We have distinctive interests from areas in the Central Valley or Sierras. For example our fisheries are dependent on having enough water flowing in our rivers, We tend to be geographically more isolated because of the rugged mountains that surround our region. Our politics on average are different than surrounding areas.

I consider the North Coast region to cover the counties of Del Norte, Humboldt, Mendocino and Lake.

Thank you for your attention.
