Message Body:

Dear Commission:

I strongly support maintaining the current district lines in northern California, north of San Francisco and west of I-5. The coastal counties like Napa, Sonoma, Humboldt, Mendocino, and Del Norte Counties all are much more similar to each other (timber, fish and wine) than they are to central valley counties where farming, feedlots and canals are the main issues. The current Senate and Assembly districts on the coast also have another thing in common, we all support wild undammed rivers (yes I'm well aware that we have dams, but there is a substantial consensus over removing dams). Leave our districts up here alone.
