

Dear Redistricting Commission,

My name is Lance Nolen, and I live in Eureka, California in Humboldt County. I heard a rumour that Humboldt County might be combined with Eastern California to create a legislative district. Please don't combine us with the Redding area. The Redding area is very conservative, while the Humboldt area is liberal. We don't share common beliefs. If you combined us with the Redding area, they would overpower us with their larger population centers. That would prevent our political voices from being heard.

Thank you,  
L. Nolen
