Subject: Redistricting

Message Body:

I understand that due to population shift to the South that the Commission is considering moving the City of Auburn from District 3 to District 5. This would be a very bad move for the City of Auburn because our issues are quite differnt from those of Tahoe, Donner and Truckee. Our present supervisor was born and raised in Auburn and is well connected with the community. District 5's supervisor is well connected with her community. I think that it would be impossible for one person to do a good job representing two (Tahoe & Auburn) very diverse communities that have such different physical environments because quite often the environment has a great deal of influence on the needs and concerns of a community. Thank you for considering my comments.
