Commission Members:

I would like you to consider redrawing the district lines that include the Eastern Nevada and Placer Counties into a single district. We have common financial, geographic and environmental issues that cross county lines and that our areas of concern: Lake Tahoe, snow removal, forest fires, ski industry, etc., are more in line with each other than with the Western part of our counties.

Please give serious thought to the fact that the district line needs to be redrawn to encompass us all in one district.

Sincerely,

Karen Pohle
